About Evofem Biosciences, Inc.

Evofem Biosciences, Inc., (NASDAQ: EVFM) is a commercial-stage biopharmaceutical company committed to developing and commercializing innovative products to address unmet needs in women's sexual and reproductive health, including hormone-free, woman-controlled contraception and protection from certain sexually transmitted infections (STIs). The Company's first commercial product, Phexxi™ (lactic acid, citric acid and potassium bitartrate), is the first and only hormone-free, prescription vaginal gel approved in the United States for the prevention of pregnancy. The Company is also advancing EVO100 into Phase 3 clinical trials for the prevention of urogenital transmission of both Chlamydia trachomatis infection (chlamydia) and Neisseria gonorrhoeae infection (gonorrhea) in women. For more information, please visit www.evofem.com.

Phexxi™ is a trademark of Evofem Biosciences, Inc.
