

## Large Commercial Payer Adds Phexxi® to Formulary for Standard Plans Nationwide

-- One of the Largest Commercial Payers in the U.S. Expands Access to Phexxi® for Women Seeking FDA-Approved, Hormone-Free Contraception --

SAN DIEGO, Sept. 16, 2022 /PRNewswire/ -- Evofem Biosciences, Inc. (OTCPK: EVFM) today announced another new insurance win that gives millions of additional women access to **Phexxi®** (lactic acid, citric acid, potassium bitartrate) for the prevention of pregnancy.

"Evofem's diligent efforts to expand access to Phexxi nationwide continue to pay off," said Sandra Pelletier, Chief Executive Officer of Evofem. "We are thrilled that another highly respected national-level payer is now covering Phexxi, allowing women to fill their prescriptions immediately. The Phexxi claim approval rate reached a new high for 2022 at more than 72% for the month of July, and we expect this will continue to increase with this and other recent payer wins."

This win, adding nearly four million covered lives, continues Evofem's strong success record with health insurers and pharmacy benefit managers (PBMs) to increase a woman's ability to obtain Phexxi. In 2022 alone, Evofem has opened avenues with the following payers to cover Phexxi:

- One of the largest PBMs in the U.S.
- One of the largest payers in California, with no copay for patients
- One of the largest payers in Utah, with no prior authorization
- One of the largest payers in Hawaii, with no copay for Phexxi patients

In July of this year, the Departments of Labor, Health and Human Services, and Treasury released **guidance regarding birth control coverage** clarifying that group health plans and insurers must cover contraceptives at no cost to individuals. Evofem consistently engages with these payers to ensure they comply with these guidelines in covering Phexxi.

## About Phexxi

Phexxi is an on-demand method of birth control used to prevent pregnancy. Phexxi is not effective when used after sex. For more information about Phexxi, talk to your healthcare provider and see full Product Information at [www.phexxi.com](http://www.phexxi.com).

## Important Safety Information

- Rare cases (0.36%) of bladder and kidney infections have been reported. If you have a history of urinary tract problems that keep coming back, you should not use Phexxi.
- Contact your healthcare provider if you are experiencing genitourinary side effects such as vaginal burning, itching, discharge, genital discomfort (including in male partners), yeast infection, urinary tract infection, or bacterial vaginosis.
- Phexxi does not protect against sexually transmitted infections, including HIV.

Please report side effects by contacting Evofem Biosciences toll-free at 1-833-EVFM BIO or contact FDA at 1-800-FDA-1088 or [www.fda.gov/medwatch](http://www.fda.gov/medwatch).

Intended for United States residents only.

## About Evofem Biosciences

Evofem Biosciences, Inc. is developing and commercializing innovative products to address unmet needs in women's sexual and reproductive health, including hormone-free, woman-controlled contraception and protection from chlamydia and gonorrhea. The Company's first FDA-approved product, Phexxi® (lactic acid, citric acid and potassium bitartrate), is a hormone-free, on-demand prescription contraceptive vaginal gel. It comes in a box of 12 pre-filled applicators and is applied 0-60 minutes before each act of sex. The Company expects to report top-line data in October 2022 from its registrational Phase 3 EVOGUARD clinical trial evaluating Phexxi for two potential new indications – prevention of chlamydia and prevention of gonorrhea in women. Learn more at [phexxi.com](http://phexxi.com) and [evofem.com](http://evofem.com).

Phexxi® is a registered trademark of Evofem Biosciences, Inc.
